

“Bringing **CLARITY** to **COMPLEX** business environments through a **UNIQUE** combination of **SOPHISTICATED** financial analysis, operating insight and **PRACTICAL** transaction experience.”

**GlassRatner Management & Realty Advisors LLC** is a full-service real estate management company solely focused on disputed, distressed or difficult to manage property.

- We act as Receiver, Manager, Chief Restructuring Officer or Fiduciary for troubled real estate projects and broken condominium developments where “parachute style” crisis management is required.
- We have three primary service lines: Receiver & Trustee Services, Distressed Asset Management and Stabilization & Turnarounds. Our team consists of experienced CPA's and licensed asset managers who are highly trained in all five major real estate segments - residential, office, retail, industrial and hospitality.
- We understand the need for immediate action to stabilize an asset and our team is experienced in dealing with the compressed time frame and unusual nature of independent fiduciary management.
- Our relationships not only benefit from our experience and expertise with receivership and property management, but also benefit from the talent that our parent company, GlassRatner Advisory & Capital Group LLC, brings to bear as one of the nation's leading Restructuring and Forensic Accounting firms.
- We offer a national platform and experience simultaneously managing thousands of multifamily units as well as office, retail, industrial and hospitality properties.
